POLICY & PLANNING
BRANCH ROOM 5202

IN REPLY REFER TO:

7330-7/1700A3

RECEIVED

APR 13 1993

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

Honorable William V. Roth, Jr.
United States Senate
104 Hart Senate Office Building
Washington, D.C. 20510

Dear Senator Roth:

This is in reply to your letter of February 23, 1993, in which you inquired on behalf of several of your constituents regarding the Notice of Proposed Rule Making (Notice) in PR Docket No. 92-235, 57 FR 54034 (1992). This Notice proposes comprehensive changes to the Commission's Rules governing the private land mobile radio services operating in the frequency bands below 512 MHz.

Your constituents are specifically concerned about the impact of these changes on radio control (R/C) hobby users. Enclosed is a discussion paper concerning our proposals for the 72-76 MHz band. In short, we expect there would be no adverse impact on R/C operations because of any proposal contained in the Notice.

We are, of course, sensitive to the concerns of both users of private land mobile radio spectrum and R/C hobbyists. We will, therefore, take your constituents' concerns into account when we develop final rules in this proceeding. As indicated in the Notice, we remain convinced that without significant regulatory change in radio operations in the bands below 512 MHz, the quality of communications in the private land mobile radio services will continue to deteriorate to the point of endangering public safety and the national economy.

We want to thank you for your interest in this proceeding. Your constituents' letters will be included in the record of the proceeding. We expect final rules to be issued in 1994.

Sincerely,

Richard J. Shiben
Chief, Land Mobile & Microwave Division
Private Radio Bureau

The Honorable James H. Quello, Chairman
Federal Communications Commission
Office of Legislative Affairs Room 808
1919 M Street N.W.
Washington, D.C. 20554

Dear Chairman Quello:

I am writing to share with you the views of my constituents on a proposed FCC rulemaking regarding the radio frequency used by operators of model aircrafts.

Many Delawareans have contacted me to express their opposition to changes that would limit their use of the radio frequencies in the 72-76 MHz band. To ensure that their concerns are included in the record on this rulemaking, enclosed are copies of the correspondence I have received.

Thank you for your attention to this matter.

Sincerely,

William V. Roth, Jr.
United States Senate
